**Compliance Certificate REACH
REACH-SVHC Global Statement**

In conformity with the European Regulation 1907/2006 REACH, of the European parliament and the Council of December 18th, 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), E-tec Interconnect AG is be contemplated as a manufacturer of Connectors, Test Sockets and Contacts Terminals used in the electronic industry, and to be considered only as downstream user and is neither a substances or preparation manufacturer, nor a reseller and nor a exporter of any substances that should be considered at risk under the latest edicts.

Update of REACH SVHC from 14th June 2023:

The latest update of European Regulation Document from 1907/2006 REACH states:

2. Any producer or importer of articles shall notify the Agency, in accordance with paragraph 4 of this Article, if a substance meets the criteria in Article 57 and is identified in accordance with Article 59(1) if both the following conditions are met: (a) the substance is present in those articles in quantifies totalling over one tonne per producer or importer per year; (b) the substance is present in those articles above a concentration of 0.1 % weight by weight (w/w).

3. Paragraph 2 shall not apply where the producer or importer can exclude exposure to humans or the environment during normal or reasonably foreseeable conditions of use including disposal. In such cases, the producer or importer shall supply appropriate instructions to the recipient of the article.

Following the last REACH SVHC June 14, 2023 update of the Substance of very high concern list with 235 substances, as published by the European Chemicals Agency [Candidate List of substances of very high concern for Authorisation - ECHA \(europa.eu\)](https://echa.europa.eu/candidate-list-table)

We confirm that have not been intentionally added nor believe to be contained in any of the materials used for the production of any E-tec Interconnect AG products listed here down any substance from this list.

This letter is to confirm that the product(s) referenced above have been evaluated against Regulation (EC) 1907/2006 of the European Parliament, "**Registration, Evaluation, and Authorization of Chemicals (REACH)**", as interpreted by EU Court of Justice decision C-106/14 of 10 September 2015. The compliance status of the product is confirmed by the sections below.

EU Regulation 1907/2006 (select one):

- ☒ The product(s) referenced above, as well as any articles* contained within the product(s), **DO NOT CONTAIN** any of the 235 REACH SVHCs as updated by ECHA on June 14, 2023 (<http://echa.europa.eu/candidate-list-table>).
- ☐ The products(s) referenced above have been evaluated for the presence of the 235 REACH SVHCs as updated BY ECHA on June 14, 2023. The product(s) and/or articles* contained within the product(s) **CONTAIN** the following SVHCs in amounts **no more than 1000ppm**, as provided in the table on the following page. (Table must be completed if this option is selected.)
- ☐ The products(s) referenced above have been evaluated for the presence of the 235 REACH SVHCs as updated BY ECHA on June 14, 2023. The product(s) and/or articles* contained within the product(s) **CONTAIN** the following SVHCs in amounts **more than 1000ppm**, as provided in the table on the following page. (Table must be completed if this option is selected.)

*An Article is any item within a part or component of the product which during production is given a special shape, surface or design that determines its function to a greater degree than its chemical composition. An example of articles within an electronic component would be the leads of a through-hole capacitor. For more information, please refer to Example 21 of the EU Chemicals Agency "Guidance for Requirements on Substances in Articles"

(https://echa.europa.eu/documents/10162/23036412/articles_en.pdf/cc2e3f93-8391-4944-88e4-efed5fb5112c)

The latest **235** substances subject to analysis per the REACH Regulation were **last updated on June 14, 2023**. Please refer to the following for the most current candidate list of substances:
<http://echa.europa.eu/candidate-list-table>.

Additional information on the European Union's REACH regulation can be found here:
<https://echa.europa.eu/regulations/reach/understanding-reach>
